

sandya Kandregula

DevOps/MLOps Engineer

kandregula.sandhya@gmail.com

+918919382187

SUMMARY

Senior DevOps Engineer with 12+ years of experience in AWS and GCP, specializing in containerization (Docker, Kubernetes), CI/CD pipelines, cloud monitoring, and security, building scalable and reliable cloud-native systems. MLOps: Experienced in MLflow and Airflow with strong knowledge of machine learning concepts, feature engineering, and model optimization. AI/LLM: Skilled in RAG, embeddings, vector databases, and agentic workflows, with a strong production mindset to take solutions from development to deployment. Certifications: Google Cloud Professional DevOps Engineer, AWS, and GCP Generative AI Leader, with proven leadership and cross-functional collaboration experience. Roles: DevOps, DevSecops, MLOps, SRE, Prompt Engineer,

EXPERIENCE

MLOPS ENGINEER *Apr 2025 — Current*

WIPRO PRIVATE LIMITED - VIZAG, INDIA

Streamlined ML model deployment, reducing time by 30%, and automated data pipelines to increase efficiency by 40%. Collaborated with cross-functional teams to drive project success and implemented CI/CD for ML, boosting deployment frequency by 50%. Led training sessions to enhance team capabilities in MLOps, developed monitoring tools to ensure 99% uptime for models, and integrated cloud solutions to improve scalability and flexibility. Enhanced model performance, achieving 95% accuracy on key metrics.

DEVOPS TECH LEAD *Apr 2024 — Apr 2025*

GENPACT INDIA PVT LIMITED - BANGALORE, INDIA

Led cross-functional teams to accelerate software delivery by 30% and automated infrastructure provisioning, reducing costs by 25%. Drove a cultural shift towards DevOps, increasing team engagement by 35%, while mentoring junior engineers to build a high-performance team environment. Delivered projects ahead of schedule, improving client satisfaction by 20%, and optimized cloud resource usage to achieve annual savings of \$100K.

GCP DEVOPS ENGINEER *Dec 2021 — Mar 2024*

ENQUERO GLOBAL LLP - BANGALORE, INDIA

Expert in GCP services, driving cloud efficiency and scalability, and automated infrastructure provisioning using Terraform to enhance reliability. Led cross-functional teams to deliver high-impact DevOps solutions, while facilitating training sessions to strengthen team capabilities in DevOps practices and tools.

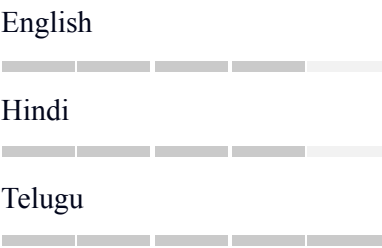

AWS DevOps Engineer *Feb 2018 — Dec 2021*

Zevjet infotech Pvt Ltd - Madhapur, Hyderabad

SKILLS

- Docker, Kubernetes, Helm package
- AWS, GCP
- Jenkins, Teamcity, Octopus, GitHub Actions
- mulesoft anypoint studio
- Github, Bitbucket, GitLab
- Monitoring & Logging
- Infrastructure as Code, Terraform
- Collaboration Skills
- SonarQube, Aqua, CodeQL, Trivy
- Ansible, Chef
- Jfrog, Nexus, Docker hub, S3, Secret Manager
- Python, Yaml, Json, Shell, Groovy
- MLOps, Gen AI, Apache Airflow, MLflow, Vertex AI

LANGUAGES

Migrated legacy systems to AWS, improving scalability and performance, and developed robust security protocols to ensure compliance with industry standards. Led cross-functional teams to enhance collaboration and project delivery, while training team members on DevOps best practices to foster a culture of innovation. Utilized containerization to improve application portability and operational efficiency.

Devops Engineer Jun 2015 — Dec 2017

PKL Limited - Hyderabad, INDIA

Automated infrastructure provisioning, saving 30% on operational costs, and implemented monitoring solutions that improved incident response time by 40%. Optimized cloud resource usage, resulting in a 20% cost reduction, and streamlined CI/CD pipelines, reducing deployment time by 50%

DevOps Engineer Jan 2014 — May 2016

Arumdata Solutions Pvt Ltd - BANGLORE

Streamlined CI/CD pipelines, reducing deployment time by 50%, and enhanced system reliability by achieving 99.9% uptime across services. Automated infrastructure provisioning, cutting setup time by 70%, and implemented monitoring solutions that improved incident response by 40%. Collaborated effectively with cross-functional teams to boost productivity and accelerate project delivery, while optimizing cloud resource usage to achieve a 30% reduction in operational costs.

CERTIFICATIONS AND LICENSES

- [GCP Professional Cloud DevOps Engineer Certification](#)
- [AWS Certified DevOps Engineer – Professional](#)
- [Generative AI Leader Certification](#)
- [AWS Certified Developer – Associate](#)

Credentials are provided as links in the certification names above.

EDUCATION

Shri Vishnu Engineering college for women 2009 — 2013

India | B.Tech in Quantitative Management

ACHIEVEMENTS

Regular participant in drives & run Recognized as a Top 20 performer twice at Genpact for outstanding contributions and performance.

Genpact: Secured 1st prize in a Hackathon, demonstrating strong problem-solving and innovation skills.

Received an award in Wipro Victory League for exceptional performance and impactful delivery.
